## LAST EDITION.

### New York.

**American Institute Fair--Tilton vs. Beecher--Horse Disease, Etc.**  
NEW YORK, Sept. 20.--The fair of the  
American Institute is progressing finely  
and promises to exceed all previous fairs.  
During the last few days large additions  
have been made to articles and to the  
exhibition, until now there is very little  
vacant space.

It is expected that the case of Tilton  
vs. Beecher will be called from the  
calendar of the City Court to-day by  
Judge Reynolds. Mr. Morris, counsel  
for Tilton, will answer that he is ready.

A serious disease has broken out  
among the horses throughout the city.  
It borders on the nature of the famous  
epizootic of two years ago. It is calcu-  
lated there are 10,000 horses suffering,  
and the symptoms being precisely those  
manifested when the epizootic first  
showed itself.

**THE BRECHER-TILTON CASE CONTINUED.**  
NEW YORK, Sept. 20.--The case of Tilton  
vs. Beecher, which was No. 19 on the  
City Court calendar, Brooklyn, to-day  
was by consent of counsel put over until  
the next term of Court. Tilton's libel  
suit against the Brooklyn Eagle also  
went over until next term by consent.

**SHARKY.**  
NEW YORK, Sept. 20.--Sharky, the  
escaped murderer, having gone to Cuba,  
efforts will be made for his extradition.  
It is expected that a demand will be  
made on the British Government for his  
arrest as soon as he arrives on British  
soil.

## Washington.

### A Paymaster's Statement--Storm Notes.

WASHINGTON, Sept. 20.--Paymaster  
John Stevenson, of the United States  
navy, of whom there was recently cir-  
culated a rumor of defalcation in his ac-  
counts, has written an indignant letter  
to the Navy Department regarding that  
rumor. He claims to have duly forward-  
ed his accounts, accounting for every  
dollar charged against him, and demands  
that he be relieved and ordered home,  
and an investigation ordered in the mat-  
ter to show who was responsible for the  
story.

The Signal Service observer, at Squaw  
Beach, reports a three-masted schooner  
in distress, ten miles south of Squaw  
Inlet, anchored and dragging toward  
the shore; her sails and some spars  
gone; the sea is breaking over her. She  
is supposed to be lumber-laden. The  
Signal Service observer, at Long Branch,  
reports the name of a schooner ashore  
there as the Mabel Thomas instead of  
the Abel Haven.

## Governor Ames' Dispatch.

WASHINGTON, Sept. 20.--Gov. Ames'  
dispatch, demanding troops, is made  
public in full. It contains nothing of  
importance more than is known.

## Autumn Pastimes.

### PIGEON SHOOTING.

NEW YORK, Sept. 20.--Arrangements  
have been made for a pigeon-shooting  
match for \$10,000, between Mr. A. H. Bo-  
gardus and James Gordon Bennett  
against Carroll Livingstone and Ira A.  
Paine. The conditions are for each to  
shoot at fifty single birds from five traps,  
placed five yards apart, thirty yards  
distant, eighty yards boundary, with 1 1/2  
ounces of shot, for \$1,000 a side. Mes-  
srs. Bennett and Livingstone put up the  
stakes, and each take the champion and  
ex-champion as partners.

The match is to take place at Newport,  
R. I., October 3. The match is for the  
largest stake ever shot for in this coun-  
try. The contest is looked forward to  
with eager interest, and already large  
sums have been staked on the result.  
Before Mr. Bennett went to Europe he  
was matched to shoot Mr. Livingstone  
for \$7,000, and paid a forfeit. In the coming  
contest, each has to shoot at fifty birds,  
and the side that kills the most wins the  
stakes. In betting Bogardus and Ben-  
nett are the favorites.

## TROTTING POSTPONED.

CAMBRIDGE CITY, IND., Sept. 20.--The  
fall meeting of the Cambridge Trotting  
Park Association is postponed from Oc-  
tober 12th, 13th, 14th and 15th to Octo-  
ber 19th, 20th, 21st and 22d, and the time  
for closing entries is extended to Octo-  
ber 11th.

## CRICKET.

PHILADELPHIA, Sept. 20.--In the  
cricket match Saturday, between the  
British officers and Canadian clubs, the  
result was: British 333, Canadian 290. A  
match between the British officers and  
the Americans began soon afterwards,  
and at the close of the play the Ameri-  
cans had scored 173.

## The Northwest.

### HEAVY FROST--CAPTURING THE KERN- MAN MARAUDERS--INDIAN AFFAIRS, ETC.

CHICAGO, Sept. 20.--Frosts were re-  
ported in various parts of Illinois, Iowa  
and Wisconsin last night. In Northern  
Illinois the damage to the corn crop is  
quite heavy, but confined to the late  
plantings.

OMAHA, Sept. 20.--The leader of the  
band of murderers, named Doc Smith,  
who killed Milton Collins on Friday last,  
was captured Saturday night by Sheriff  
James, of Dawson county, on an island  
in Platte river, three miles south of Platte  
Creek station. This makes nine of the  
desperadoes that have been captured so  
far. Two parties are still in pursuit of  
the balance.

A dispatch from Red Cloud Agency,  
Nebr., via Cheyenne, says: It is now  
determined by the Commissioners not to  
commence holding council until Friday.  
They are waiting for General Ferry, but  
the general belief is that they fear the  
Indians are not in a temper to trust  
themselves among them. Commissioner  
Day says the council will not be held  
before another week. The Cheyenne In-  
dian who threatened to kill a Commis-  
sioner last first day of the council has  
been conciliated. Orders came yester-  
day to give the Indians who visited the

hostile northern camp to induce Setting  
Bull's tribe to join the council, 100  
American horses. The Missouri river  
Indians are becoming restless under the  
incessant delay in organizing the council.

## The Southern Storm.

### LIFE AND PROPERTY DESTROYED--AN ESTIMATE.

GALVESTON, Sept. 20.--The destruction  
of life in the city by the storm can not  
be estimated, but there were not over a  
dozen lives lost. The damage to ship-  
ping is slight. The storm was the fiercest  
ever known here. Its full fury was dur-  
ing Thursday. A number of wrecks are  
reported on the coast, but nothing de-  
finite is known. The total estimated dam-  
age to the city is \$5,000,000.

### CORRECT NEWS FROM GALVESTON.

NEW ORLEANS, Sept. 20.--The steamer  
Mary, which left Galveston yesterday  
morning, arrived at Brashear yester-  
day, and she reports that the east end  
of the island is washed out. The inhabitants  
are mostly saved, but are powerless, and  
have lost everything. Thirteen laborers  
on the breakwater are missing. The ves-  
sels in port worked incessantly, en-  
gaged, saving life and property.

### FROM NEW ORLEANS.

NEW ORLEANS, Sept. 20.--The water in  
the lake and river is low, and no appre-  
hensions are felt of an overflow here.  
The damage by the gale here is trifling;  
none is reported on the Louisiana coast.  
The telegraph lines to Galveston are  
again prostrated, but are expected to be  
up in a short time. It is later reported  
that two lives were lost at the break-  
water. The city is safe, although the  
water is high. Several bridges have been  
swept away. Some marine disasters are  
reported at Key West.

At Brashear the streets are full of wa-  
ter.

At Harriburg and Houston there was  
a terrific gale, and the water was thrown  
up from the bay higher than was ever  
known before, a hundred miles to the  
north, along the entire Texas coast. It  
is feared much damage was done at In-  
dianola and the western ports.

### FROM MOBILE.

MOBILE, Sept. 20.--The storm which  
threatened for several days, was felt  
most sensibly here Friday night. A  
very high wind blew all night from the  
southwest, driving the water into the  
bay and overflying the wharves, and  
streets near East River. A dredge boat  
was sunk, and some other damage was  
done to the shipping. It is supposed all  
the wharves on the eastern shore were  
destroyed. The boat did not arrive from  
there yesterday.

The storm has entirely subsided, and  
the weather is pleasant to-day, but it is  
cold enough for frost. No marine disas-  
ters reported.

### FROM MEMPHIS.

MEMPHIS, Sept. 20.--The heavy rain-  
storm which has prevailed through the  
Lower Mississippi valley for thirty hours  
passed off toward the northeast. It  
originated in the Gulf, and the rain-fall  
here and further south exceeded two  
inches of solid water. Upland cotton,  
open and unpicked in the field, has been  
injured in quality and beaten out by the  
storm.

In the valleys where it grew ranker  
and less forward, very little harm has  
resulted. Cotton is several weeks later  
in ripening than last year, owing to mid-  
summer rains. The receipts of the new  
crop are less than 500 bales here, against  
nearly 4,000 bales at the same time last  
year. Frost usually appears about the  
middle of October. Its advent before  
that time will nip the cotton crop and  
greatly lessen the yield.

### CHARLIE ROSS.

PHILADELPHIA, Sept. 20.--The officers  
of the law received information during  
the past week, that if Westervelt is con-  
victed, the boy Charlie Ross would be  
returned. It is also stated that the pro-  
secution has much important informa-  
tion, which they hold for prudential rea-  
sons. It is believed that Westervelt  
will reveal who the parties are who have  
the child in custody. The officials firmly  
believe the child is still living.

### CHARLIE ROSS TRIAL--Westervelt Guilty.

PHILADELPHIA, Sept. 20.--The jury in  
the Westervelt case came into Court  
this morning after being out since Sat-  
urday. They found Westervelt guilty on  
the third, fourth and fifth counts.  
The jury was unanimous on these.

### FROM THE CAPITOL.

COLUMBUS, O., Sept. 20.--A man  
named John Carroll was caught on a  
shaft in Ohlen's saw factory, Saturday,  
and terribly injured. His clothes were  
torn into ribbons, and his collar bone  
and several ribs broken. He is expected  
to recover.

Hon. Carl Schurz will make nine  
speeches in Ohio during this campaign  
in favor of Harbison.

### ITEMS.

Mr. Jeremiah Lofel, residing near Don-  
nellsville was killed on Saturday by hav-  
ing his head caught between the rollers  
of a cane mill. The mill was temporarily

during the sudden starting of the  
horse.

tindale; Probate Judge, H. S. Showers;

Director, Herr Billy Diehl; Coroner,  
Ben. Hatts.

An Irish tailor, making a gentleman's  
coat and vest too small, was ordered to  
take them home and let them out. Some  
days after, the gentleman was told that  
the garments happened to fit a country-  
man of his, and he had let them out for  
a shilling a week.

A fourteen-year old son of Jerry Leffel,  
residing near Donnellsville, Clarke

ing in Western Bosnia, and it is rumo-  
red that preparations have been made for  
a general rising in Bosnia.

CONSTANTINOPLE, Sept. 20.--The Min-  
ister of War has received a dispatch  
from Ali Pasha, dated Mostar, Septem-  
ber 13th, stating that the insurgents  
jumped over the Sava near Viskograd,  
Bosnia, defeated and put to flight. On  
the battle-field were found passports and  
other documents, which leave no longer  
any doubt that the Persians intended to  
declare against Turkey. The Sublime  
Porte publishes the foregoing and calls  
attention to the fact that insurgents who  
take refuge in Austria are not disarmed,  
notwithstanding Turkey's representa-  
tions.

### WAR-PLAY.

LEIGNITZ, SILEZIA, Sept. 20.--The  
grand autumn maneuvers of the German  
army concluded yesterday near Leig-  
nitz, after three days' earnest Krigs-  
war-play, which resembled real war  
rather than play. Two army corps, the  
Fifth, commanded by General Von  
Kilbarch, and the Sixth, under General  
Knappe, fought about thirty thousand  
strong, were pitted against each other.  
Although executing plans of battle laid  
down for them, they endeavored to gain  
the victory as adjudged by the Kaiser  
and the general staff.

### FROM SPAIN.

LONDON, Sept. 20.--A telegram from  
Rome says the Nuncio at Madrid has re-  
ceived instructions to leave his post if  
the Spanish Cabinet's decision with re-  
gard to his circular be of an aggressive  
character, or such as to compromise the  
dignity of the Holy See. Otherwise the  
Nuncio is to remain at Madrid until De-  
cember, when he will come to Rome to

sion of the Nuncio's circular.

## LOCAL NEWS.

### Dan Rice's Broncho Show.

Thinking that a short history of the  
Bronchos and their capture would prove  
interesting to our readers, we have in-  
terviewed a gentleman connected with  
the enterprise, who has kindly fur-  
nished the following:

These horses are descendants of the  
Andalusian animals that were brought  
from Spain by the early Spanish con-  
querors to Lower California, and until  
1854, or thereabout, they were very  
plentiful, and running in herds like  
the mustangs of Texas with com-  
mand and sub-officers, and apparently  
governed by a military code of their  
own.
